

Peltor™ Earmuffs

3M™ Peltor™ H9 Series - Select Performance (Class 4)

The H9 Series offers versatile protection and is very lightweight providing high wearer comfort. It combines a low profile with generous inner depth which makes it easy to combine with other equipment, allowing the ear to rest comfortably. H9 Series earmuffs are your choice for both short and long duration tasks. It is ideal for use in environments with moderate industrial noise, such as workshops, sheet-metal shops and printing works, but also suitable outdoors, such as lawn mowing or in connection with hobby and leisure activities.

Features and Benefits:

Comfortable

- Extremely low profile and light (220g) to make it easy to team with other equipment
- Generous inside depth to help the ears rest comfortably
- Soft and wide sealing rings

Effective

- High attenuation despite lightness and low profile
- Unique band design, stainless steel wire for constant pressure over long periods of use

Versatile

- Various versions available to fit any situation: headband, neckband, helmet mounted versions

H9 Series Helmet Attachment

Various versions for different safety helmets (See page 14).
